Friends of Sauk Prairie Healthcare

Mission: The Friends of Sauk Prairie Healthcare exists to improve Sauk Prairie Healthcare through service, education and special projects.

Who are we? Since 1956, the Friends of Sauk Prairie Healthcare (SPH) has dedicated itself to the improvement of our hospital and clinics. Formerly known as the Hospital Auxiliary, the name was changed to Friends of SPH in 2002, with the continuing commitment to health care in the communities we serve. Its members are supporters from the area communities who enjoy in participating in our mission.

Why Join? The Friends of SPH work closely with SPH to determine how it can best support the hospital and clinics' needs, generally through services or fundraising. Also, through various community outreach efforts, the Friends offers members ways to give back to the community. Friends members can be as active as they choose. Some serve on committees or volunteer as their schedules permit. Others choose to make a financial contribution only. Our Board meets every other month.
