# Friends of Sauk Prairie Healthcare

**Mission:** The Friends of Sauk Prairie Healthcare exists to improve Sauk Prairie Healthcare through service, education and special projects.

**Who are we?** Since 1956, the Friends of Sauk Prairie Healthcare (SPH) has dedicated itself to the improvement of our hospital and clinics. We have one goal in mind - to make a difference in our communities by supporting the mission of SPH, "Extraordinary healthcare from the heart- one person at a time". Its supporters are from the area communities who enjoy in participating in our mission.

**Why Join?** The Friends of SPH work closely with SPH to determine how it can best support the hospital and clinics' needs, generally through services or fundraising. The funds raised by the Friends support necessary equipment and training that ultimately help provide the best patient care. We remain committed to fundraising, staff education, supporting our volunteers, and providing resources for our hospital and clinics. Friends supporters can be as active as they choose. Some serve on committees or volunteer as their schedules permit. Others choose to make a financial contribution only.
